

THE SILENT SPEECH OF THE PROPOSED RATE

FURTHER RELIEF FOR UNEMPLOYED ON SEWER WORK

Council Will Construct Several Small Connections in Better Settled Areas.

BROWN ESTATE NOT TO BE CLEARED

Will Take no Action in Regard to the Public Utilities Act Amendments.

As a further relief measure for the unemployed, council last night decided to call for tenders for the construction of several small sewer connections which will link up better settled areas with the general sewerage system. The work will cost in the neighborhood of \$15,000.

Several sewer work at present is giving employment to a number of the unemployed. The city engineer estimates that the city will employ 100 men in the sewer work at the present time.

No action will be taken for present in clearing of the timber and brush from the Brown Estate. It is understood that the general sewerage connections were not to be cleared.

A resolution headed by J. Lakenan, representing the Trades and Labor Council, speaking on behalf of the unemployed, requested that the city engineer be authorized to take the action that the Edmonton board of public works has taken.

Mr. Lakenan said he considered that the council should take action to create relief work, and at the same time pay the fair rate of wages. He stated that the Trades and Labor Council had been asked to take action to create relief work, and at the same time pay the fair rate of wages. He stated that the Trades and Labor Council had been asked to take action to create relief work, and at the same time pay the fair rate of wages.

The city engineer will be asked to take action to create relief work, and at the same time pay the fair rate of wages. He stated that the Trades and Labor Council had been asked to take action to create relief work, and at the same time pay the fair rate of wages.

No objection given. Delegate Lakenan stated that he was not interested by the Trades and Labor Council to make any statement on the sewer work.

An application was brought forward from the Canadian Pacific Railway for permission to run a track down the line between 11th and 12th streets, south of 14th street.

It being claimed that the manufacturer of the car body was doing the work of obtaining a track facility on the C.P.R. system.

The city engineer was referred back so that the city engineer may have a chance to view the whole situation.

It was decided last night to take no action in regard to the amendments to the Public Utilities Act.

The city engineer was referred back so that the city engineer may have a chance to view the whole situation.

COMMUNISTS SUFFER DEFEAT IN DRUMHELLER SCHOOL ELECTIONS

CALGARY, Alta., Feb. 9.—The issue today in the Drumheller school election which was the most intense in these parts, was whether the children in the public schools should be compelled to sing the National Anthem, salute the flag and obey the discipline of the school. It was a straight issue between the Communists and the rest of the people, and the Communists were badly beaten. Drumheller is a coal town with a large foreign population. A couple of weeks ago the children of the Communists, under instructions from their parents, declined to take part in all of the patriotic exercises. That was the issue in the election. The vote tally stood: Smith, 1,116; Hayden, 1,107; Lewis, 508; Edwards, 500. The two anti-Communists were elected. The last two were Communists and were defeated.

ALBERTA COAL OPERATORS IN CONFERENCE WITH PREMIER

Hear What Provincial Government is Going to Do About Equalization of Duty.

BRING FORWARD FINAL SUGGESTIONS

Fuel Consumption at Winnipeg is Now Largely from Canadian Mines.

Coal operators of Alberta had a round-table conference with Premier H. H. Greenfield yesterday, and heard what the provincial government was doing with regard to the equalization of duty on American and Canadian coal. ATTEMPTING TO LOCATE BODIES OF JAP SAILORS

Divers Trying to Descend to Wrecked Pinnacle of the Cruiser Izumo.

BELIEVE REMAINS ARE IN SPLINTERED BOAT

One Body is Found Through the Aid of Drag Nets in the Harbor.

VANCOUVER, B.C., Feb. 9.—(Canadian Press)—Landed at a depth of 162 feet, divers from the Japanese submarine Izumo are attempting to locate the bodies of the crew members who perished when the cruiser Izumo, in which 11 men were killed, was wrecked on the night of the 21st. The splintered boat is believed to be in the harbor, and the divers are attempting to locate the bodies of the crew members who perished when the cruiser Izumo, in which 11 men were killed, was wrecked on the night of the 21st.

Proposal to Control Ocean Rates Criticized by Opposition

Premier Challenges Statements Made By Opponent—Necessity of More Immigration Is Urged—Very Pessimistic View Is Taken by Meighen.

FOUR SUCCUMB TO GAS POISONING

Police Arrest Roomer on the Charge of the Murder of Two Persons.

OTTAWA, Feb. 9. (Canadian Press).—Premier Mackenzie King and Arthur Meighen, leader of the opposition, clashed in debate on the floor of the House of Commons today. It was the opening day of debate on the address. Following the more or less formal speeches of the mover and seconder, Mr. Meighen declared that the government had precipitated transportation anarchy and chaos. It had made an abortive attempt to control American vessel owners.

But—so continued Mr. Meighen—undoubtedly by its failure, the government was now taking to the broad Atlantic, and, single-handed, expected to control ocean rates. Here, Mr. Meighen referred to the reported arrangement for subsidizing ten steamers of the Peterson line, and quoted Sir William Peterson as having recently advised the United States that he would be willing to sacrifice his share at a discount but to hold out for par because he hoped to see Peterson ships soon sailing "under very much more prosperous conditions."

Mr. Meighen cited figures on unemployment and emigration to the United States, saying that besides the 400,000 who regularly entered the United States, there were 150,000 illegal immigrants in 1923 and 1924.

Meighen charged that the Canadian government had been subsidizing the Peterson line, and that the Peterson line had been subsidizing the Peterson line, and that the Peterson line had been subsidizing the Peterson line.

Meighen charged that the Canadian government had been subsidizing the Peterson line, and that the Peterson line had been subsidizing the Peterson line, and that the Peterson line had been subsidizing the Peterson line.

DONATES MONEY FOR GOOD WORK

Big Insurance Company Impressed With Effectiveness of Public Health Work.

TORONTO, Ont., Feb. 8.—(Canadian Press)—Impressed by the character and effectiveness of the public health work being done in Canada by the Canadian Social Hygiene Council and the very definite effect this work is likely to have in lengthening the span of human life, one of the big insurance companies of New York, which makes a specialty of insuring the scientific effort of this kind on this continent, has offered to the council a grant of \$25,000 for the year 1925.

It is understood that this offer has come through the very favorable report made by the officials of the Canadian headquarters of this company in Ottawa, regarding the efficiency and program of the Social Hygiene Council in its campaign with the national menace of venereal disease.

In speaking of the work to which this money is likely to be put, Dr. Gordon Bates, general secretary of the council, said: "Though we have 25 branches of our council throughout Canada, and a national program of social hygiene, there have been two definitely weak spots in our movement, and those we now hope to remedy. One has been the need of organizers in both eastern and western Canada. These we hope to appoint at once and so to get a much firmer hold on public opinion from headquarters, which need not only inspiration as to program of activity but assistance in carrying out the same."

The second weakness was in our failure to work out a national scheme for the adequate scientific education of adolescents and children in the meaning of social hygiene, so that from the earliest years onward there may come to them through proper channels a gradual but accurate knowledge regarding certain biological facts, the maintenance of clear standards of conduct, and the responsibility of every individual for the

building up of these fine and healthy social conditions which are the aim of every scientific hygienist.

"In our work so far we have aimed at these objectives by educational work for adults and parents. But we feel that there should be a more aggressive and definite plan to ensure child education along all these lines."

With the funds from this insurance company we shall be able to appoint two more organizers in the east and hope to appoint to our headquarters staff one or more experts who in connection with a group of volunteer staff men will have such a national educational scheme as we have long needed in this activity.

"The committee will have physiologists, pathologists, bacteriologists and chemists, as well as representatives of the various national organizations through which we can later work out all the details of the scheme."

"Two appointments have already been made for the coming year. Dr. A. D. Hardie, D.A., of Cambridge, an experienced educationalist, will take charge of our educational department and Dr. A. L. Peapack, a public health specialist from Toronto University will organize social hygiene work in the eastern provinces. The western province is not yet appointed."

POWERS BEATS CLARK AT SQUASH RACQUETS

MONTREAL, Que.—R. A. Powers of Boston, defeated S. P. Clark of Philadelphia in the final contest here Saturday for the Canadian amateur squash racquet title. The opening game was won by Powers 15-10. The score was tied on two successive returns in the second game, but Powers won the third game 15-10. Following this game Clark weakened and was beaten more decisively in the third.

"I was Greatly Distressed With Pains in the Back"

Mr. Alfred McNeill, Chapel Rock, Alta., writes:

"During the winter of 1920-21, I was greatly distressed with pains in my back and felt tired and depressed most of the time. Particularly during the night I was troubled with frequent urination, some nights having to rise almost every hour. I tried several different treatments without success, until finally I began using Dr. Chase's Kidney-Liver Pills, and they relieved my condition before I had finished the first box. I am feeling better this summer than I have for years, and although in my 67th year, can work all day without any undue fatigue."

Dr. Chase's Kidney-Liver Pills

25 cts. a box of 35 pills. Edmondson, Bates & Co., Ltd., Toronto

CANADIAN GIRLS BEST DANCERS ARE CARED FOR

All Blacks Enjoy Entertainment at Banff—Join in the Frolic.

Special to the Bulletin.—(Canadian Press)—All the Canadian girls are the best dancers we have just about we left New Zealand last spring. Canadian winter sports and Canada, especially are the things which will bring us back to the continent some day if we have to work any other sport from skiing to swimming and water polo. The girls of the Empire Empire aggregation known as the New Zealand All-Black girls, who left Banff early Monday morning for Vancouver.

The All-Black girls had to be pulled out of Banff by Manager R. S. Hann. During their two-day stay here they not only enjoyed their first ball of skates and played a game of hockey, but they joined the ranks of the Winter Carnival and competed in every other sport from skiing to swimming and water polo. The girls of the Empire Empire aggregation known as the New Zealand All-Black girls, who left Banff early Monday morning for Vancouver.

All Banff went wild with laughter Sunday afternoon when these big girls' good natured lads put on the first pair of skates they ever saw and played a game of hockey on the Curling rink. Hockey sticks flew into the air and the girls' heads were thrown back and forth in the air. The girls' heads were thrown back and forth in the air. The girls' heads were thrown back and forth in the air.

Enjoy the West.—"This is the first chance we have had to really meet and have a good time since we left home," declared Manager R. S. Hann. "I have enjoyed this Canadian life something that makes us feel a home. Every man of the team approached me Sunday and asked me to remain here in Banff for a week. Instead of spending our time in the hotel, but there is something in Canada which makes us feel that we are home. Every man of the team approached me Sunday and asked me to remain here in Banff for a week. Instead of spending our time in the hotel, but there is something in Canada which makes us feel that we are home."

As an instance of the appreciation which the All-Black girls feel for Canada, they have just made three Albertan honorary members of the team and invited them with the All-Black girls, the first time such a thing has been done since they started out on their tour last spring. The girls are honored as Lieut. Governor Brett, of Alberta, Mayor George Webster, of Calgary, and Chief Buffalo Child Lame Deer.

NEW YORK, Feb. 8.—Barley Madson, Irish ice-hockey player, died today of a heart attack at his home in New York. He was 35 years old. He was a member of the New York Rangers hockey team.

Soldiers Who Gave up Their Lives in Foreign Climes Sleep in Peace.

OTTAWA, Ont., Feb. 8.—(Canadian Press)—Buried in the snow, the soldiers who gave up their lives in foreign climes sleep in peace. The soldiers who gave up their lives in foreign climes sleep in peace. The soldiers who gave up their lives in foreign climes sleep in peace.

This was the reassuring picture, far from the front lines, of the soldiers who gave up their lives in foreign climes sleep in peace. The soldiers who gave up their lives in foreign climes sleep in peace. The soldiers who gave up their lives in foreign climes sleep in peace.

The memorial to the missing, on Colonel Hill, overlooking Lake Ontario and facing the Grand Caernarvon in front of which the allied forces were held up for a considerable time during the war, has been solemnly dedicated in the presence of the British and Canadian troops, to be unveiled about April 15, 1925, when all British countries will be officially opened.

Some idea of the difficulties and hardships that presented themselves to the commission can be gained from the fact that when Captain Monaghan arrived at Salomon in 1923 two officers connected with the commission had died from malaria and another had been killed by a bullet during the war. While the land which had been used for the burial of the dead was now a jungle, the conditions were such that the commission found it impossible to carry out its duties. The conditions were such that the commission found it impossible to carry out its duties.

Construction in Greece started during the summer of 1921, but as construction work in the Northern Balkans was still under way construction in Greece was delayed. In March, 1922, the construction of the Balkan railway was started. The construction of the Balkan railway was started. The construction of the Balkan railway was started.

Construction was practically completed by the spring of 1924 in the area about Salomon, and in June Canadian Minister took over the Greek commission the construction of three countries on the island of Salomon. Most of this work has been completed.

The countries are enclosed by a four-foot stone wall, finished off with a 15-foot stone wall, and the whole being neatly painted. In the center of the Salomon district each grave has a headstone with the name of the deceased.

Hats Off, Men!
